WP Golf – Rand a Round

Overview

Western Province Golf, with the support of all of the Clubs in the province, established a development programme in 2009 which has been running successfully for a number of years. The objectives of the programme are:

- To grow the game of golf by exposing youngsters to the game and giving them an opportunity to experience it
- To provide those youngsters with the interest and the talent with an opportunity to become better players

The funding for this programme is provided by a levy raised by charging one rand for every round of golf played. This levy applies to all rounds played by members or non-members of clubs, by students and by players at charity and corporate days.

Below is a brief description of how the programme works and what the aims and objectives are of the programme:

Contributions:

- R1 per round at every WP Golf Affiliated Clubs

Aim:

- For the Union to 'subsidise' club programmes used for the transformation and development of Golf in previously disadvantaged areas.
- Create sustainable club programmes
- Act as feeder into the SAGDB programmes
- Teach children the etiquette of the game
- Teach children of all ages the values of the game which filter into the way they move forward with their lives
- Create a fun environment for the children

Objectives:

- For all clubs to run a successful Rand-a-Round Programme with minimum of 10 participants per week at the respective club

We as the Western Province Golf Executive Committee would like to thank all clubs for their involvement in this programme and we look forward to creating champions in the near future from these programmes.

President: Henk Smith

General Manager: Robert Larsen
