

Implementation Timeline

Implementation Date: 01 October 2019

Element	Notes	
Registering of rounds	Rounds must be registered and opened Rounds can be registered on HNA smartphone app	
Max score per hole	Nett Double Bogey (NDB)	
Handicap Index (HI) calculation	Best 8 of last 20	
Exceptional score	Score Differential ≥ 7.0 than current HI, exceptional score adjustment is triggered	
Implementation of Most Likely Score (MLS)	When format of play results in a golfer not completing a hole (e.g. better ball, alliance and match play), golfer should record the MLS with the Max = NDB	
	Position of Ball	Strokes to be added
	On putting green not more than 1.5m from hole	Add 1 stroke
	1.5m to 20m from hole	Add 2 or 3 strokes depending on: Position of ball; Difficulty of green & Ability of golfer
	Beyond 20m from hole	Add 3 or 4 strokes depending on: Position of ball; Difficulty of green & Ability of golfer
9-hole Course Handicap (CH)	CH based on Course Rating (CR)/Stroke Rating (SR) for front or back nine if only 9 holes are played	
Maximum Handicap Index	54.0	
Authorised Formats of Play	General Principle: All formats of play where the player plays his/her own ball.	
	Note: <ul style="list-style-type: none"> Individual and better ball match play are authorised formats of play and scores must be captured. 2 scorecards required for Alliance 	
Score Entry on HNA System	<ul style="list-style-type: none"> Scores not entered within 72 hours after round was played will trigger a penalty score (<i>same as current system</i>). 18 holes completed: Enter adjusted gross score or hole by hole. 9 holes completed: Enter adjusted gross score or hole by hole indicating which 9 was played. If less than 14 holes completed: Enter 9-hole score. If 14 holes completed. Complete card using net par for holes not played. Then enter adjusted gross score.
