The Executive Committee of WP Golf is pleased to announce that a Covid-19 Relief Fund has been established to assist clubs financially during these trying times.

We have established two categories of relief as set out below which be funded from reserves and savings;

Category 1: General club and course operations (*total fund available = R250000*)

Category 2: Compliance with covid-19 regulations (*total fund available = R250000*)

Details have been communicated separately: deadline for submissions is 18:00 on 2020/05/25.

3. RAND - A - ROUND

The application processes for 2019 funds have been suspended with immediate effect.

All 2019 contributions received from clubs will be refunded in accordance with their actual contributions received. Refunds will be made by no later than 2020/05/29.

2020 R-a-R contributions (payments) are still be made in accordance with current policy.

4. AGM

The WP Golf AGM will take place in June 2020, date TBA.

It will be conducted as a virtual AGM most probably via the MS Teams Platform to allow all clubs to attend accordingly.

Formal notification will follow once finalised.

5. CLOSING REMARKS

We are extremely mindful of the economic impact that is already being felt by the Country and the potential drop in the number of affiliated golfers as a result. WPG is committed to the cause and trust that the interventions detailed herein will go some way in assisting yourselves.

We endeavour to continue to assess possible savings (largely from cancelled tournaments) vs the financial impact of a potential drop-off in income as a result in order to determine what savings can be passed on once the quantum can be determined.

We would like to wish you all good health and commend you for your efforts in keeping your clubs "alive".

Yours in golf,

Mike de Swardt
