

15th July 2022

To Unions and Golf Clubs

Following the withdrawal of the National State of Disaster GolfRSA believes that under these current conditions, it is appropriate to withdraw all Risk Mitigation Guideline documents and the content of the GolfRSA Safe Play Guidelines. Golf clubs and indeed golfers have for a number of years now become accustomed to a new way of doing things and it remains each person's individual choice as to how to reduce their risks of contracting COVID-19.

Although we withdraw these documents, GolfRSA draws the attention of golf clubs and facilities to the gazetted Department of Labour - Code of Practice: Managing Exposure to SARS-COV-2 in the Workplace (dated 24 June 2022) (attached hereto) and continues to encourage clubs to ensure that they create and maintain a safe and healthy environment for employees, members and visitors at their facilities.

GolfRSA will continue to monitor the National and International reaction to the COVID-19 pandemic and should circumstances require it – further action may be taken.
